

SMOKE DETECTOR PROJECT

The Grayling Fire Department and the Grayling Fire Fighter's Association have teamed up to ensure every house in the community has working smoke detectors. It is the goal of your fire service professionals to check for and install working smoke detectors in homes where no detectors exist or the detectors are more than 10 years old. Grayling Fire Department teams will come to each house and install or replace a smoke detector at **NO COST** to participants.

This program is made possible through grant money and the generosity of local businesses.

Information and applications can be obtained by **calling the Grayling Fire Department at: 989-348-6319**, or email: graylingfire@cityofgrayling.org. This program is limited to residents of the City of Grayling and Grayling Charter Township.
