

“GET INTO RECYCLING”

Taking care of the environment is the responsibility of everyone. Grayling Township is leading the way in environmental responsibility with the township recycling and composting center on North Down River Rd.

The Grayling Township Compactor will accept most any kind of household and yard wastes. All recyclable's collected are shipped to manufacturers who will make new products. Compost your yard waste which will turn into a rich useable soil.

Help protect the environment of Grayling Township, recycle your reusable household waste at the Grayling Township Recycling Center.

The Grayling Township Recycling Center is conveniently located at 4670 West North Down River Road next to the I-75 interchange.

Your Permit Must be displayed. The attendant will check your permit when you enter and you will be turned away if permit is not displayed.
